JOHNNY TRAILL IS OUT OF INTERNATIONAL MATCH

Crack Irish-Argentine Player Failed to Bring His Own Sticks and Ponies With Him.

BY J. S. MITCHELL.
New York, June 4.—Johnny Traill will not play back on the British international polo team. The reason for his withdrawal is that he could not manage the ponies to his liking, and in consequence some misadventures were chalked up against him in the first practice of the team on Tuesday.

Traill did not bring any of his own Argentine ponies, and only joined the Wimbledon invasion at the last moment. In the hurry to get on the ship, he even left his polo sticks behind him. This was another drawback to the Irish-Argentine crack, who use a peculiarly shaped square-headed stick. Had Traill time enough, he would have brought a few of his own ponies, which are not as robust as the English, and are easier to handle.

With Traill out, a new line-up of the challenging team had to be immediately arranged, as follows:
No. 1, Captain H. A. Tomkinson; No. 2, Captain E. J. Lockett; No. 3, Major F. W. Barrett; back, Captain L. St. C. Cheape.
The substitution of Cheape for Traill, and the introduction of Lockett at No. 2, is an improvement, and the British team will go into the field much stronger than the line-up of a couple of days ago. Of course, it will sound rather peculiar to most of the followers of the game to have Lockett moved up from his old position as back and Cheape, supposed to be an ideal No. 1, put in his place. For such a shift there is a strong reason.

It is now known so very well that Cheape has had considerable experience as a back, and every time he has played has given evidence of being a first-class man for the position. He acted as a back on the Tigers all of last season in the English tournaments, and especially when they won the Hanelah open cup from the pick of the British teams.

The critics all agreed then that Cheape was a better man at back than as a No. 1. In every match in which he played at home this year he exhibited great power, and that was the reason he was first mentioned as a back on the present team.

Lockett has often filled the position of No. 2. With the Pilgrim team in England, his usual place was at back, but when occasion required, he would march up to No. 2. Lockett is a good horseman and sound hitter, and should be in the right place to score for his side in front of Major Barrett.

Both teams are to wear numbers on their saddle cloths this year much the same as a year ago. A better plan would be to pin large figures on the backs of the man, like the football players of last season. Figures eighteen inches in length could be seen the whole length of the field without glasses.

If the weather permits, the international teams will practice tomorrow at Meadowbrook. Practice to-day was called off on account of the rain.

Long Dreamt Is Broken.

CHARLESTONIAN WINS FEATURE AT BELMONT.
New York, June 4.—Charlestonian, owned by W. Mervyn, of South Carolina, won the Larchmont stakes, the feature of to-day's racing card at Belmont track. After trailing Early Rose and Pigniny to the stretch, the Southern colt shot through the bunch at the eighth pole and won going away.

The opening event went to Kilkenny boy, carrying James Butler's colors. Kilkenny got him off to a good start and led all the way. Scratchers dived a field of eleven to five in the second race. Grover Hughes, an odds-on favorite, won easily.

Joe McCabe brought Athena home six lengths in front of the field in the third event.

[Special to The Times-Dispatch.]

After the match Zbyssko declared Roller was the greatest American wrestler in the game.

INDIGNANT COMMENT ON STATEMENTS BY HOBSON

Navy Department Denies Accuracy of Remarks Made in Speech at Newport News.

Washington, June 4.—Press reports of statements made by Representative Hobson in a prohibition speech at Newport News, Va., last night caused indignation comment to-day at the Navy Department. The Alabama Congressman was quoted as declaring that Japanese and German steamers had landed arms in Mexico under convoy of warships of those nations, and that the United States government was "afraid to protest and afraid to allow the press of the country to say anything about it."

It was officially stated at the department that the German merchantmen which carried war munitions to Puerto, Mexico, were not conveyed by a man-of-war, and there was no record of any arms landed in Mexico by Japanese ships since the occupation of Vera Cruz. Rear-Admiral Howard reported, it was said, that one Japanese vessel suspected of having arms aboard had been only a cargo of linseed oil and beer. It was declared, too, that every dispatch from American naval officers on the East and West coasts of Mexico had been given to the press.

Has Small Balance Left.
A meeting of the executive committee which had to do with a Federal reserve bank for Richmond, was held yesterday afternoon at the Business Men's Club. The report of P. W. Walford, Jr., treasurer, showed that notwithstanding the heavy expense incurred by the committee, there was still a small balance in the bank to its credit. This, it is thought, will be sufficient to satisfy a few bills which have remained unpaid, and Mr. Walford was instructed to pay them.

To Try Alleged Blackhanders.
Frank James and James Rosco, charged with attempting to extort \$200 from A. Decortat, will be given a preliminary hearing this morning in Police Court. The men, it is alleged, threatened to blow up Decortat's barber shop unless the money was paid.

STEAMER ASHORE. NEEDS NO ASSISTANCE.
The Northland Asks That Revenue Cutter Be Sent, but Later Withdraws Request.

New York, June 4.—A wireless received to-night reported the passenger steamer Northland, of the Eastern Steamship Corporation, which left New York to-day for Portland, Maine, ashore on Gull Island in the race at the eastern entrance to Long Island Sound. The Northland asked that a revenue cutter be sent.

Less than a half hour after the steamer was reported ashore, a message came from her withdrawing the request for a revenue cutter and saying she needed no assistance. The Northland left her pier here at 5 o'clock this afternoon.

It was said her passenger list was not a heavy one. She carried an ordinary cargo of freight.

Tug Rushed to Assistance.
New London, Conn., June 4.—A local wrecking company received a wireless late to-night from the steamer Northland saying she was ashore at Gull Island in the Race. The wrecking tug Taseo is being rushed to her assistance. The message gave no details.

CITY IS IN READINESS TO WELCOME PROPHETS

Secretary of Supreme Council Expected To-Morrow to Make Preliminary Arrangements.

WERNER WILL "CROSS HOT SANDS" Chief of Police One of Seventy Candidates for Initiation—Four Cities Are After Next Meeting.

Sidney D. Smith, grand secretary of the Supreme Council of the Mystic Order of Veiled Prophets of the Exalted Realm, will arrive in Richmond from Hamilton, N. Y., to-morrow night to make the preliminary arrangements for the registering of delegates to the twenty-fifth annual convention of the order, which begins Tuesday morning.

Accompanying Grand Secretary Smith will be his wife, Chief Justice C. J. Coleman, of Mokanna Grotto, and his wife, and four others. They will spend Saturday night here and on Sunday will go to Newport News and Norfolk, where they will make arrangements for the members of their grotto, who will later visit those cities.

Mr. Smith is also secretary of Mokanna Grotto, the "mother grotto" of the Veiled Prophet order, and one of the best-known men in the national organization.

Preparatory to the ceremonial session to be held on Tuesday night, there will be a full dress rehearsal of all participants in the ceremonial at the Academy of Music on Sunday morning. Charles M. Frischkorn, Chief Justice of Samis Grotto, of Richmond, will be master of ceremonies, and A. O. Boschen, chairman of the ceremonial committee, will have charge of all the "stunts" which will take place on Tuesday night, when a class of more than seventy candidates will be initiated. Among those who will delve into the mysteries of Veiled Prophecy will be Chief of Police Werner.

WILL OPPOSE PELOUZE
It was learned yesterday that E. C. Pelouze, of Samis Grotto, candidate for grand alchemist, will have two opposite candidates, they being Harry Caswell, a past monarch of Bella Grotto, of Springfield, Mass., and Harold M. Harter, of O-ton-tala Grotto, of Toledo, O.

Allambara Grotto, the "baby" grotto, having not yet been received into the folds of the national organization, sends word from St. Louis, its birthplace, that after a charter is granted at the convention here, the members will immediately go after the 1915 convention. This makes four cities in the fight for the convention—St. Louis, Syracuse, Buffalo and Pittsburgh—and the fight promises to be hotly waged among the delegations.

That Pittsburgh will fight hard is indicated by a telephone message received yesterday by E. C. Pelouze. The monarch of Islam Grotto, in Pittsburgh, William A. Aeberl, telephoned for a reservation for several additional members, stating that Islam was going to bring a record-breaking crowd.

From those on the inside it is learned that Kallipolis Grotto, of Washington, which will bring a band composed of its own members, will be the most likely contender for the silver loving cup offered by E. K. Steiner.
